

Product and geographic area	Quantity ('000 short tons)	Value (\$'000)	Quantity ('000 short tons)	Value (\$'000)
FELDSPAR				
United States:				
Crude feldspar:				
Produced				
Mined and prepared in the same establishment				
Received in the feldspar industry from other establishments for preparation				
Shipments, including interplant transfers				
Prepared feldspar, including Interplant transfers, • total				
Shipped in the feldspar industry.....				
Shipped in the other Industries				
South region:				
Crude feldspar:				
Produced				
Prepared				
Prepared feldspar shipped, including interplant transfers				
CLAY AND RELATED MINERALS, N.E.C.				
United States:				
Crude common clay and shale, total				
Mined and used in the same establishment:				
In making cement and clay products				
In making prepared clay				
Shipments, including interplant transfers.....				
Prepared common clay and shale shipments, including interplant transfers, total				
Prepared in the clay and related minerals, n.e.c. industry				
Prepared in other industries				
Aplite and kyanite:				
Mined and used in the same establishment in making prepared materials				
Shipments, including interplant transfers, crude and prepared				
Macmasite and olivine:				
Mined and used in the same establishment in making prepared materials				
Shipments, including interplant transfers, crude and prepared				
New England division: crude common clay and shale.....				
Middle Atlantic division:				
Crude common clay and shale				
Shipments, including interplant transfers				
Prepared common clay and shale shipments, including interplant transfers				
New York, crude common clay and shale.....				
Pennsylvania, crude common clay and shale				
East North Central division:				
Crude common clay and shale				
Mined and used in the same establishment:				
In making cement and clay products				
In making prepared clay				
Shipments, including interplant transfers				
Prepared common clay and shale shipments, including interplant transfers				
Ohio, crude common clay and shale.....
